

Average lead times for EA “DC Programmable Power” March 2024

Dear Customer,

This average lead time list specifies the typical lead time of our products after receipt of a purchase order and is applicable for orders, ranging from 1 to 5 pieces. The precise delivery date will be confirmed through our official order acknowledgement, after conducting a thorough ERP-based check by our operations department which may take up to 5 working days. Lead time for bulk orders and/or project quantities >5 pieces need to be checked separately, since it is likely to take longer than the average. Please specify such volumes/quantities with separate enquiry and address our sales team for a timely and accurate reply. Please submit your request to either backoffice@elektroautomatik.com or to your habitual correspondent. For lead times of products/series not listed herein, please submit a separate enquiry.

This lead time list is applicable as of 1st March 2024 until being superseded.

Series PS/PSI/ELR/PSB 10000 2U:

10000 2U series, power class 1,5KW – 3KW: 6-8 weeks

Series PS/PSI/ELR/PSB/PSBE 10000 3U:

10000 3U series, power class 5-15kW: 6-7 weeks
Option Fast Lane (surcharge applies) 4 weeks

Series PS/PSI/ELR/PSB/PSBE 10000 4U:

10000 4U series, power class 30kW: 7-8 weeks
Option Fast Lane (surcharge applies) 4 weeks

Series Industrial PU/PUB/PUL 10000 4U:

10000 4U series, power class 30kW: 7-8 weeks
Option Fast Lane (surcharge applies) 4 weeks

Series Industrial PU/PUB/PUL 10000 6U:

10000 6U series, power class 60kW: 6-8 weeks
Option Fast Lane (surcharge applies) 4 weeks

Series BT 20000 3U / 4U:

Battery Tester 20000 3U / 4U series: Available, please request

Laboratory Power Supply Series:

PS/PSI 9000 T series, power class 320W-1500W: 6-8 weeks

PSI 9000 DT series, power class 320W-1500W: 6-8 weeks

PS 9000 1U series, power class 1.5kW/3kW 6-8 weeks

Electronic Load Series, Conventional:

EL 9000 T / DT series, power class 400W-600W: 6-8 weeks

EL 9000B HP 2U series, power class 600W-2400W: 8-10 weeks

EL 9000B 3U/6U series, power class 1200W-14400W: 8-10 weeks

Electronic Load Series, Regenerative:

ELR 5000 6U multi-channel series, power class max. 10x 320W: 8-10 weeks
Includes plug-in DC-DC 320W power modules ELM 5080-25, ELM 5200-12
